RESPECT – HONESTY – RESPONSIBILITY – EQUALITY – COURAGE

Dear Parents, Guardians, and Students,

As many of you know, Knox County has been downgraded to “yellow” status by the Maine Department of Education (MDOE). With today’s news, we felt compelled to reassure you that Mid-Coast School of Technology will continue to do everything possible to keep both our students and staff safe. Based on the guidance provided by the Maine CDC and the MDOE, **we will continue to offer in-person instruction and students should continue to attend on their regularly scheduled days.** If you have any questions about transportation, please contact your local high school for more information.

Mid-Coast will continue to follow all recommended safety protocols, which include physical distancing, the use of masks, and hand sanitizing. It is important to note that our daily student population is between 150-160 students learning in our 91,000 sq. ft. state-of-the-art facility. To date, we have not had any positive cases of COVID-19 at Mid-Coast School of Technology.

As members of the school community, we all play an important role in keeping each other safe. We ask that you continue to complete the pre-screening checklist before every school day and inform us of any symptoms related to COVID-19. For information regarding our protocols, please visit our website and click on “Mid-Coast attendance procedure regarding COVID-19 symptoms.”

Thank you for your continued support during this challenging time.

Sincerely,

Mid-Coast Administration
