Adult Ed: (207) 596-7752

RESPECT – HONESTY – RESPONSIBILITY – EQUALITY – COURAGE

Dear Students, Parents and Guardians,

This letter is to inform you that a person associated with Mid-Coast School of Technology and Camden Hills Regional High School has tested positive for COVID-19. Five students have been identified as close contacts at Mid-Coast and will be quarantining for 10 days from the last point of contact. Other individuals identified as close contacts at Camden Hills will be notified by a CHRHS staff member.

Due to the safety protocols that are in place (masking, distancing, program cohorts, etc), the overall impact on the student body is very small. Out of an abundance of caution, Mid-Coast will be closed on Friday, December 11th. All areas of the school will be cleaned and sanitized before students arrive for classes on Monday morning.

For the safety of our school community, it is essential that students and families take the time to complete the pre-screening checklist before arriving at school. If COVID-19 symptoms do arise, we ask students to stay home and call your healthcare provider for further guidance.

We ask that you and your student honor the privacy of the people directly affected by this virus and continue to do your part to stay safe and healthy. For more information on symptoms and screenings, please visit [MCST8.org](https://www.maine.gov/dhhs/mecdc/infectious-disease/epi/airborne/coronavirus/index.shtml) or the Maine Center for Disease Control COVID-19 webpage at

<https://www.maine.gov/dhhs/mecdc/infectious-disease/epi/airborne/coronavirus/index.shtml>

Questions directly related to the Mid-Coast School of Technology's COVID-19 response and protocol can be directed to Bobby Deetjen, Director; or Scott Browning, Assistant Director; by calling (207) 594-2161.

Sincerely,

Bobby Deetjen
Director
