

Section J: Students

JLIE: Student Motorized Vehicle Use and Parking

For the purposes of this policy, "vehicle" refers to all motorized conveyances e.g. cars, trucks and motorcycles.

Region 8 Property:

The use of private vehicles by students on school grounds during school hours is considered a privilege and is subject to revocation for irresponsible behavior. Due to the need to maintain safety on school property, driving and parking on school grounds during non-school hours also is considered a privilege and is subject to revocation as well. The administration will determine the period of loss of driving privileges. Safe driving practices shall include, but not be limited to, obeying all legal driving rules. Final determination shall be reserved to the Director and/or designee.

During normal school hours and other times when possible, students must park in the designated parking areas unless they have written permission of the Director for special needs or unless they are doing so for temporary pick up and drop off purposes.

All vehicles must be registered with the Assistant Director's office and have a placard issued to display in the front window of the vehicle. The placard must be located where it is clearly visible and on display while the vehicle is parked on Region 8 property. The permit must be renewed at the beginning of each school year and may be revoked if a violation occurs.

Vehicles parked on Region 8 property regardless of the owner are subject to visual inspection at any time. Should there be reason to suspect contraband or any threat to public safety, the administration will secure reasonable access to the vehicle and conduct a search or request that the search be conducted by law enforcement officials.

Any vehicle illegally parked on Region 8 property can be towed away at the owners expense as long as by order of the building administrator or designee, due diligence was made to inform the owner, and reasonable time was allowed for the owner to remove the vehicle. This provision also applies to any vehicles which are legally parked but have been stationary for an unreasonable duration.
